Boone, North Carolina 28607

Subject: Determination of Completeness – Application Incomplete
Proposed Permanent HHW Unit
Watauga County, Permit # 9502TP-TP, Document ID 23835

Mr. Potter:

The Division of Waste Management, Solid Waste Section (Section) has completed a review of the request for a Permit to Construct/Operate a Permanent Household Hazardous Waste unit (DIN 22174). The document was submitted on your behalf by Ms. Donna Watson and was received in the Asheville Regional Office on October 29, 2014.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. None of the components required by 15A NCAC 13B.0301 have been submitted. Additionally, the required permitting activity fee has not been paid, so the application is deemed **incomplete**.

In order to complete the application review, please remit payment of the permitting activity fee (invoice number SW014-0097) and submit a revised Operation Plan and a revised Site Plan.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
