Subject: Determination of Completeness – Application Complete
Watauga County Transfer Facility
Watauga County, Permit No. 9503T-TRANSFER-1996, Document ID No. 24146

Mr. Potter:

The Division of Waste Management, Solid Waste Section (Section) has received a request for a five-year renewal of the Permit for the Watauga County Transfer Facility (DIN 23088). The document was received in the Asheville Regional Office on January 21, 2015.

The submittal has been reviewed for completeness in accordance with General Statute 130A-295.8(e). A determination of completeness means that the application includes all required components but does not mean the required components provide all of the information that is required for the Section to make a decision on the application. The components required by 15A NCAC 13B. 0401 have been submitted and the required permitting activity fee has been paid so the application is deemed **complete**.

If any additional information is required to complete the permitting activity it will be requested in the future under separate cover.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov.

Sincerely,

Allen Gaither
Environmental Engineer
