Re: *Response to Warning Letter – Proposed Selected Remedy*
Swift Creek CCB Structural Fill,
Battleboro, Nash County
CCB0057
DIN 21624

Dear Mr. Waldrop and Mr. Franchina,

The Solid Waste Section has completed a review of the *Response to Warning Letter – Proposed Selected Remedy* dated August 18, 2014 (DIN 21616) and submitted by ERM NC, Inc. on behalf of Full Circle Solutions, Inc. and ReUse Technology, Inc. for the Swift Creek CCB Structural Fill. The *Response to Warning Letter – Proposed Selected Remedy* was submitted in response to the *Warning Notice* dated May 16, 2014 (DIN 21032).

A 60 day extension has been requested for the submittal of the formal groundwater corrective action application as requested within the Solid Waste Section's May 16, 2014 letter. As a result, the Solid Waste Section approves the 60 day extension request at this time. Once the completed groundwater corrective action application is received, the Solid Waste Section will review the documentation and may request additional information or may request a modification prior to approving the proposed selected remedy.

If you have any questions or concerns regarding this letter, please feel free to contact me at 919-707-8294 or by email at jaclynne.drummond@ncdenr.gov. Thank you again for your continued cooperation with this matter.

Sincerely,

Jaclynne Drummond
