ADDITIONAL COMMENTS

1. Signage present at the entrance to the site.
2. The access road is in good shape.
3. All markers present.
4. No recent discharges noticed. No discharges noticed outside of the permitted boundaries.
5. No recent applications noticed. No application issues noticed.
6. Talked to Mr. Langston about the planting the small grain. Mr. Langston said that he is planning on closing the site. If for some reason you do not close the site, you will need to plant the small grain.
7. No application at time of inspection. pH not checked.
8. No objectionable odors noticed.
9. No change noticed in the area that would affect the setback distances.
10. Records not checked.
11. Mr. Langston talked about closing the site. I gave him a form that he can document that when he wants to close the site. I collected a soil sample of the field.
