OBSERVED VIOLATIONS

- .0838(a)(18) Approved nutrient management plans shall be followed. The approved crop for both disposal fields is fescue. There are weeds & vegetation other than fescue on the fields. **Weed control is needed. Please follow the advice of your regional agronomist or extension agent to improve the fescue & control other types of vegetation.**

The item(s) listed above were observed by Section staff and require action on behalf of the facility in order to come into or maintain compliance with the Statutes, Rules, and/or other regulatory requirements applicable to this facility. Be advised that pursuant to N.C.G.S. 130A-22, an administrative penalty of up to \$15,000 per day may be assessed for each violation of the Solid Waste Laws, Regulations, Conditions of a Permit, or Order under Article 9 of Chapter 130A of the N.C. General Statutes. Further, the facility and/or all responsible parties may also be subject to enforcement actions including penalties, injunction from operation of a solid waste management facility or a solid waste collection service and any such further relief as may be necessary to achieve compliance with the North Carolina Solid Waste Management Act and Rules.

ADDITIONAL COMMENTS

1. The required signs are posted and the access road is adequate.
2. The field markers appear adequate. It appears that the approved setbacks are being met.
3. No sign of recent application. No apparent sign of application outside the permitted boundaries. No odors noted. No apparent sign of heavy application.
4. Cattle on field 3 and the back section of field 2.
