Pat McCrory
Governor

Donald R. van der Vaart
Secretary

November 12, 2015

Mr. Don Nuss, Regional Environmental Manager
Stericycle, Inc.
1168 Porter Avenue
Haw River, North Carolina 27258

Subject: Permit Amendment, Five (5) Year Renewal, Technical Review
Permit No. 0102-INCIN-M-, Stericycle, Inc.
Alamance County, DIN 25259

Dear Mr. Nuss:

On May 22, 2015 the Division of Waste Management, Solid Waste Section (Section) received Stericycle, Inc.'s application for a permit to operate, five (5) year renewal, at the Haw River Facility, located in Alamance County. The application was entitled:

Treatment Facility Operations Plan, 1168 Porter Avenue, Haw River, NC 27258, Revised: May 2015. Prepared by Stericycle, Inc. May 2015. DIN 24365.

On September 15, 2015 the Section sent Stericycle, Inc. (Facility) the letter entitled;

Permit to Operate Application, Determination of Completeness, Permit No. 0102-INCIN-M-, Stericycle, Inc., Alamance County, DIN 25005. Prepared by the Solid Waste Section. September 2015.

The Section has performed a technical review of the application and the following concern is provided for your response;

- The issuance of the Solid Waste permit for this facility is contingent on the Facility maintaining a valid Air Quality Permit. Please provide a copy of the Facility's approved permit which appears should expire in January 2021. If the Air Quality Permit has not been issued please update me by email on your expectations for issuance.

This letter in no way restricts the ability of the Section to request additional information or clarification. Please address the issue presented in this letter. If you should have any questions regarding this matter you may contact me at (828) 296-4704 larry.frost@ncdenr.gov.

Sincerely,

Larry Frost, Engineering Project Manager
Permitting Branch, Solid Waste Section
Division of Waste Management, NCDENR
