Jaclynne Drummond

Compliance Hydrogeologist

Division of a Waste Management-Solid Waste Section

NC Department of Environmental Quality (DEQ)

Ms. Drummond:

On 12/10/15 & 12/14/15, Teresa Bradford (DEQ) completed an inspection for Charlotte Motor Speedway Landfill (Landfill). As part of the facility compliance inspection report, DEQ requested that the landfill submit a plan to address corrective action within the ditch-line where soil and water samples had been taken.

As part of the plan, the landfill will excavate the ditch down to as close to native soil as possible. Once the excavation is complete, another soil sample will be taken and sent to Pace Analytical for Appendix I analysis. The site expects the excavation to take at least 2 weeks, weather permitting and 7 days for the analytical.

If you have any questions or comments, please email or call me at [mgurley@republicservices.com](mailto:mgurley@republicservices.com) or 704-262-6019.

Sincerely,

A handwritten signature in blue ink that reads "Mike Gurley".
