Mr. Andrew Ballentine, Solid Waste Manager  
City Of Hickory  
Post Office Box 398  
Hickory, North Carolina 28601

Subject: Permit to Operate - Renewal, Approval  
Permit No. 1808T-TRANSFER-, City Of Hickory Transfer Station  
Catawba County, DIN 25660

Dear Mr. Ballentine:

Enclosed you will find a copy of permit no. 1808T-TRANSFER-, dated February 22, 2016 (DIN 25648), for the Permit to Operate Renewal. The Permit to Operate ensures the continued operation of your existing facility. The following are important items that remain to be accomplished;

- Read your permit carefully, it is important that you understand your permit. If you have any questions regarding the permit contact me immediately.
- The approved documents related to this permit may be downloaded at <http://portal.ncdenr.org/web/wm/sw>, Document Tracker.
- Copies of this permit, the approved plans, and all records, are required to be maintained by the permittee at the facility, and made available to the Section upon request during normal business hours.
- The Solid Waste Section has no record of any permit ever being recorded by this Facility, therefore I have included a certified copy of the permit for recordation. Be aware of Attachment 1, condition number 3, which states;

*The permit shall not be effective until the certified copy of this permit which shows current ownership and references legal descriptions for all land within the solid waste management facility boundary is recorded in the Register of Deeds office and indexed in the grantor index under the name of the owner of the land in the county or counties in which the land is located. The certified copy of the permit affixed with the Register's seal and the date, book, and page number of recording must be returned to the Section within 30 calendar days of issuance of this permit. If the Section does not receive the certified copy of the recorded permit within 30 calendar days of issuance of the permit, then and in that event, the permit is suspended and of no effect until the date the Section receives the certified copy of the recorded permit.*

Should you have any questions regarding this matter you may contact me at (828) 296-4704 or at [larry.frost@ncdenr.gov](mailto:larry.frost@ncdenr.gov).

Sincerely,

Larry Frost, Engineering Project Manager  
Permitting Branch, Solid Waste Section  
Division of Waste Management, NCDEQ

Enclosure
