Re: Request for Revision of Operating Hours  
Brickhaven Mine No. 2  
Permit No. 1910-STRUC-2015  
Chatham County

Dear Mr. Frost

This letter will serve as our request to revise the operating hours of the Brickhaven Mine No. 2 from the current hours, Monday through Saturday 0700-1900, to operate 24 hours/day, seven days/week, 365 days/year. We are requesting this revision due to the scheduling of and receipt of trains to Brickhaven. Green Meadow is working with CSX on the schedule of train movement to and from Brickhaven and the flexibility to operate as requested will improve our scheduling efforts and operations upon receipt of the train.

Thank you for your consideration of our request. Please contact me with any further information you may need to assist you in your deliberation.

Sincerely,

*Glenn Amey*
