Re: Permit to Construct and Operate: Davie County Compost Facility, Davie County, Permit No. 3004-COMPOST-2014, Large Type 3 Compost Facility, Doc ID 25329

Dear Mr. Wallace:

Please find enclosed the Permit to Construct and Operate for the Davie County Compost Facility, Permit No. 3004-COMPOST-2014. This permit issuance approves the change in the facility from a Type 1 to a Type 3.

In general, the new facility permit does not reiterate requirements which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans, such as site specific operations. Please review the conditions of the permit carefully.

We bring to your particular attention condition 3 on page 3, which requires approval of the mixing pit construction, and condition #21 on page 6, which requires submittal and approval of the initial compost analytical data before distribution to the public.

File documents for this site can be viewed and downloaded from our website:
