Subject: Permit to Operate
City of Durham Transfer Station
Permit No. 3212-TRANSFER-2014, Durham County, Document ID No. 25413

Dear Mr. Woody:

Please find the enclosed permit to operate for the City of Durham Transfer Station, Permit No. 32-12T. Conditions of the permit to construct for the new transfer station building were met and this permit authorizes operation based on the new construction and modifications to the operation plan referenced in the permit. The approved operation plan (DIN 25411) is also included.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans. Please review the conditions of the permit thoroughly.

If you have questions about your permit, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov. The Environmental Senior Specialist for the facility is Mary Whaley. She can be reached at (919) 693-5023 or (919) 621-3685.

Sincerely,
