Environmental Engineer
North Carolina Department of Environmental Quality
Solid Waste Division
217 West Jones St.
Raleigh, NC 27603

Re: New City of Durham Transfer Station
2115 East Club Blvd.
Durham, Durham County, NC

Dear Ms. Backus,

We are forwarding this certification in accordance with Attachment 2, Part VI, Item 7 of Solid Waste Permit 32-12.

I hereby certify, based upon my periodic on-site review of the construction, review of materials testing results and a final visual inspection of the facility, that the Facility has been constructed in general accordance with the Approved City of Durham Site Plan and Construction Plans, the approved NCDEQ plans and the approved building plans.

If you have any questions or require further information, please call.

Sincerely,
Barnard Engineering, P.C.

John D. Barnard, P.E.
Principal
