RE: Burlington Industries Garage, Tucker Street Extension,  
Burlington, Alamance Co., Gw Inc. #9048

Dear Mr. Klein:

Please find enclosed a reimbursement claim that was submitted to the Winston-Salem Regional Office for the above referenced site. This claim is for costs related to the cleanup of petroleum released from commercial underground storage tank systems.

As you will recall, I wrote to you on February 16, 1994 requesting additional information that was necessary to adequately review your request to receive reimbursement from the Leaking Petroleum Underground Storage Tank Cleanup Funds. Since the requested additional information has not been received, your claim is being returned. Please note that it is State Trust Fund policy to return claims if deemed incomplete thirty (30) days after a request for additional information is made.

If you should locate the information requested or wish to reapply for reimbursement, you may resubmit your claim to this office. Please note that any resubmittal that involves the use of State Trust Fund forms must be on current forms. The current forms are dated 12/93.

Should you wish to discuss this, please don't hesitate to contact me at 441 North Harrington Street, Raleigh N.C., 27603 or telephone (919) 733-1332.

Sincerely,

George C. Matthis, Jr., Supervisor  
State Trust Fund Group
