**Incident #10001**

Dear Ms. Knight:

On behalf of Exxon Company, U.S.A., ERM-Southeast, Inc. respectfully requests approval of the Corrective Action Plan (CAP) for the above referenced site that was submitted to your office on July 25, 1994. Exxon is prepared to move forward with the remediation of petroleum hydrocarbon affected ground water at the site in the near future. In order to maintain LUST Trust Fund eligibility and assure compliance with the corrective action regulations contained in T15A: 2L .0106, Exxon wishes to receive approval of the proposed CAP from the DEM Winston-Salem Regional Office prior to implementing the proposed corrective action.

Please contact me as soon as possible regarding your plans to review the site CAP, and to discuss any questions you may have concerning the remediation of the site. Thank you for your cooperation in this matter.

Sincerely,

ERM-SOUTHEAST, INC.
