Dear Ms. Knight:

Enclosed is an application for a Certificate of Disposal for approximately 15 cubic yards of soil excavated and stockpiled on-site during our UST closure activities. Both the parcel currently containing the stockpile and the adjacent parcel to the east are now NCDOT right of way. Construction of the US 311 High Point Bypass is to begin in the very near future, so we would like to dispose of the soil as soon as possible.

Please contact me at (919) 250-4088 if you have any questions or comments regarding this site.
