Dear Mr. McGilvary,

As discussed in our phone conversation on January 11, Kelly Gage of the Guilford County Department of Emergency Services is handling the subject site's incident. As you know, site specific information determines the future required assessment/ remediation actions at any site. Ms. Gage is acting under a memorandum of agreement between the State and Guilford County, and therefore, she is considered the State's representative for this site. I have forwarded your letter to her office. If you should have further questions pertaining to this site, Ms. Gage may be reached at (919) 373-7565.

Sincerely,

A handwritten signature in cursive script that reads "Richard L. Sieg".
