Incident # 10121

Dear Sirs:

On April 18, 1995, we received the completed site assessment for the subject location. We have determined after careful review of your report that no further action is warranted. However, this does not absolve you of any responsibility for contamination that may not have been detected or noted during the site assessment.

If you have any questions, please feel free to contact Kelly C. Gage at (910) 373-3771.

Sincerely,

A handwritten signature in black ink, which appears to read 'W. Waddell Watters', is written over the typed name.
