Ms. Kelly Gage
Guilford County Dept. Emergency Services
P. O. Box 18807
Greensboro, NC 27419

Dear Kelly:

I recently received notice of a confirmed release on our property at 510 N. Elm St. This notice requested that we proceed with further investigation of the contamination on our property. I would respectfully request an opportunity to further remediate the soil in this area to determine if the extent of contamination could be limited to just this area.

I have contacted Bobby's Backhoe Service and he has agreed to remove the contaminated soil several feet below the area of the hole that appeared to be in question. He has informed me from the inspection of the tank, the leak had occurred from the piping and feels that additional soil removal may, in fact, solve the problem. I have already agreed to let Bobby's Backhoe do this work provided we get your approval.

Thank you in advance.

Sincerely,

A handwritten signature in cursive script that reads 'Don Johnson'.
