RE: Water Supply Well Sampling – B&C Grocery site (NONCD 000 2837)
E. Harden St.
Graham, NC 27253

Dear Mr. & Mrs. McVey:

My name is Vincent Antrilli with North Carolina Department of Environment and Natural Resources, Division of Waste Management. The purpose of this letter is to contact you pursuant to ground water contamination detected in your area. During the week of **November 14th, 2011**, I will be in the Alamance County area collecting groundwater samples related to the groundwater contamination in your area. I would like to sample your well at the above referenced address during that time. You do not have to be present to have your well sampled and there is no cost to you. The laboratory results will be forwarded to you as soon as possible. Please provide the following information, *if you know it*, when you contact me.

- The number of wells on your property are _____.
- The depth of the well(s) are _____ ft.
- The well(s) are being used for the following purposes:
_____.

- The well water goes through a filtration system before the water enters the house. YES / NO

- Is there a tap at the well head or outside wall spigot of the residence? YES / NO
 - If YES which one? _____

- Your contact information:
 - Phone # _____

 - Email Address _____

Please contact me by one of the following ways to confirm that ***you would*** or ***would not*** like your well sampled. You can reach me by calling (919) 707-8353, emailing me at Vincent.Antrilli@ncdenr.gov or respond to this letter stating you do wish or do not wish to have your well sampled. I will be happy to answer any questions you may have at that time.

Sincerely,

Vincent Antrilli, Jr.
