RE: Underground Storage Tank Removal at Piedmont Triad International
Airport, Guilford County, North Carolina

Dear Mr. Salley:

Enclosed herewith are the "Notification of Tank Closure" forms and one (1) set of site plans and specifications for the above described project.

We are submitting these notification forms now to satisfy the thirty (30) day requirement, however, as discussed in our telephone conversation of August 22, 1990, we have not received our bids for this project and do not know at this time who the contractor will be. As indicated in our specifications, it is the contractor's responsibility to provide for the site assessment and certifications in accordance with the requirements of the regulating agencies and the Environmental Protection Agency. As soon as the contractor has been determined, we will forward that information to you.

If there are any questions concerning this, or if additional information is needed, please contact me at (919) 294-4441.

Sincerely,
SOUTHERN MAPPING & ENGINEERING COMPANY

Chrispen J. Colenda
