SUBJECT: Underground Storage Tank (UST) Closure - Piedmont Natural Gas - Asheboro,
651 N. Fayetteville Street, Asheboro, Randolph County

Dear Mr. Parrott:

On October 13, 1992, we received the soil sample results and closure assessment from the underground storage tank closure at the subject location. As the implementing agency for the Federal Underground Storage Tank Program for the State of North Carolina, we have determined after careful review of your assessment that the UST system has been closed in accordance with NCAC Title 15A Subchapter 2N Sections .0802 and .0803. However, this does not absolve you of any responsibility for contamination that may not have been detected or noted during the site assessment.

If you have any questions, please feel free to contact Thomas Moore at the letterhead address and/or telephone number.

Sincerely,

A handwritten signature in cursive script that reads 'Sherri V. Knight'.
