Memorandum

To: UST Compliance File

From: Richard Sieg *R*

Through: Sherri V. Knight
Larry D. Coble

Subject: Pep-Co Service Station, Business Highway 29, Reidsville, Rockingham County
Facility ID#: 0-001473

The May 31, 1995, inspection and subsequent correspondence from the tank owner indicated that violations existed at the site that should be recommended for enforcement action. However, the violator has permanently closed the UST systems and a tank closure report has been submitted. Upon information and belief, the violator is not going to install any other tanks on the property. Therefore, it is my opinion that the violator should not be recommended for enforcement action.

If you concur with this, please initial below and I will close my file on this inspection.
