RE EPA ID NO: NCR000000034

Dear Mr. Edwards,

I am writing in response to your letter dated 12/17/98, to verify that Power Tech Engines, Inc. did in fact change their facility operation status from a Small Quantity Generator to a Conditionally Exempt Small Quantity Generator as per the EPA/ Notification of Regulated Waste Activity form sent in on 11/2/98. Power Tech Engines, Inc. signed on with Heritage Environmental Services, Inc. on 10/29/98, using their Crystal Clean Parts Washer Service Use/Reuse Program.

However, since Power Tech Engines, Inc. signed on with Heritage Environmental the company was sold. We now have a new owner and name. I will remain the contact person for the new company, but I am unsure if we keep the old EPA ID NO or get a new one and do we need a EPA ID NO if we are now classified as a CESQG.

Please note changes shown on page 2 regarding the company buyout. If you need any additional information please give me a call. I will wait to hear from you regarding the EPA ID NO on the new company.

Sincerely,

Glenda Goodman
