RCRA INSPECTION REPORT

1. FACILITY INFORMATION

Carolina Classic
510 East Jones
Wilson, NC 27893

NCD057449712 SQG

2. FACILITY CONTACT

J N Eason, James Silver
(252) 237-9105

3. SURVEY PARTICIPANTS

Dick Denton & JN Eason

4. DATE OF INSPECTION

20 Feb 2002

5. PURPOSE OF INSPECTION

To perform a compliance assistance inspection

6. FACILITY DESCRIPTION

Carolina Classics is a manufacture of fiberglass tubs. The company has minimized the use of acetone by substituting a water based solvent to clean their tools and then acetone is used to drive the water away from the tool. Carolina Classics uses Chemical Analytics, MID985568021 as their transporter and TSD facility.

The following were reviewed during the inspection:

1. inspection logs
2. manifest
3. storage areas
4. contingency plan

7. SITE DEFICIENCIES:

The inspection found the facility to be compliant with the rules at the time of the inspection

W. P. Denton date: 20 Feb 02
