Kinston, North Carolina
Atlantic GeoScience Project No. 050212-001

Dear Mr. Boyles:

Per our recent discussion, Atlantic GeoScience International, Ltd. is pleased to submit the following Request for No Further Action (NFA) on behalf of Mr. Daniel Sale, owner of the above facility.

A report describing soil and groundwater conditions at the site was submitted to the Inactive Hazardous Sites Branch (IHSB) on April 9, 2012. The report entitled "Limited Site Assessment" was forwarded to the IHSB by ECS Carolina's in response to a Notice of Regulatory Requirements for Contaminant Assessment and Clean-Up (Notice). The site investigation report addressed the concerns referenced in the above Notice. The report concluded that sampling/analytical results from multiple data points including groundwater, soil, and soil gas vapor did not reveal the presence of chlorinated solvents. Since the investigation of site conditions did not reveal the presence of released chlorinated solvents, (or other contaminant's exceeding State regulatory thresholds), we are requesting no further action. As discussed, the following items are included with this request: 1). Certificate of Attainment of Cleanup Levels and 2). a check for \$500 to cover processing fees.

From our conversation, it is my understanding that you will forward this request for NFA to the appropriate IHSB personnel in the central office in Raleigh, N.C. I would like to express my sincere appreciation for your assistance. If you have any questions concerning this request or the enclosed documents, please feel free to contact me at 910-612-4853.

Kindest regards,

ATLANTIC GEOSCIENCE INTERNATIONAL, LTD.

Certification of Attainment of Cleanup Levels and No Further Action Required

Site Name: Sale Ford Automotive-Service Center

City: Kinston, North Carolina

Street Address: 1145 Hwy 258 North

County: Lenoir County

Site Inactive Hazardous Sites ID#: IHSB No. NONCD 0002886/ UST Incident No. 93123

For purposes of this certification, the "site" is defined as the above identified property and any additional area which has become contaminated as a result of hazardous substances or other non-petroleum, non-biological contaminants disposed at that property.

Initial each of the following statements.

I have reviewed all the available environmental records for this site.

RAS/Def

All known and suspect areas of hazardous substance contamination and any other non-petroleum, non-biological contamination at the Site have been tested in accordance with Appendices A and B of the Inactive Hazardous Sites Program Guidelines for Assessment and Cleanup. For purposes of this certification, "suspect area" means any area of concern that has evidence of a release of contaminants including verbal or written information or records, knowledge of employees or other persons, visual observations, instrument readings, laboratory data, measured product inventory loss information, breached vessels and other forms of evidence. (Note: "Suspect areas: do not include areas that are simply storage areas, tanks, or chemical facilities where no evidence or indication of a release is known.)

RAS/Def

The Inactive Hazardous Sites Branch protection of groundwater criteria for soils (reference section 4.1.1.2 of the Inactive Hazardous Sites Program Guidelines for Assessment and Cleanup) have been met.

RAS/Def

The Inactive Hazardous Sites Branch remediation goals for direct contact for soils (reference section 4.1.1.1 of the Inactive Hazardous Sites Program Guidelines for Assessment and Cleanup) have been met.

RAS/Def

The Inactive Hazardous Sites Branch remediation goals for groundwater, surface water and sediment (reference sections 4.1.2, 4.1.3, and 4.1.4 of the Inactive Hazardous Sites Program Guidelines for Assessment and Cleanup) have been met.

RAS/Def

I certify that, to the best of my knowledge, after thorough investigation, the information contained in this certification is true and accurate.

RAS/Def

Owner and Environmental Consultant for Owner Certification:

After first being duly sworn or affirmed, we [the owner and the owner's designated environmental consultant] each separately state that: I am over the age of eighteen, I am competent to make this certification based on my own knowledge and belief, and to the best of my knowledge and belief, after thorough investigation, the information contained herein is true and accurate.
