**Re: 1016 and 1024 Montana Drive
Charlotte, Mecklenburg County
Brownfields Project No.: 14006-10-60**

Dear Miguel:

Thank you for speaking with me this morning. As we discussed, we represent Chem-Tex Laboratories, Inc. and will be assisting it in the referenced matter. We are currently investigating this matter, but will timely respond to your May 22, 2012 letter and site clean-up questionnaire.

You mentioned in our conversation that subsequent to your May 22 letter, Pearl Pacific Properties, LLC resumed its Brownfields program responsibilities, and that the referenced site has been re-accepted into the Brownfields program. Please forward to me the appropriate documentation of that occurrence.

We will keep you informed of our progress. Please contact me should you have any further questions with respect to Chem-Tex.

Very truly yours,

Richard L. Farley
