4. DATE OF INSPECTION

10 Feb 2005

5. PURPOSE OF INSPECTION

To determine compliance with 40 CFR 262, 265, & 268.

6. FACILITY DESCRIPTION

Lowes is a large retailer of construction materials including paint. The company has a secured fenced area to secure all their waste hazardous materials including paint, caustic cleaners, gasoline generated from returned equipment (weedeaters, lawn mowers, etc.). The company has a contract (national) with a company out of Raleigh to manage their waste. Mr. Sinclair stated that he had been with Lowes for approximately 8 months and they have not had a shipment. He is presently preparing for a shipment.

7. SITE DEFICIENCIES:

The inspection found the facility to be compliant with the rules at the time of the inspection.
