RE: EPA ID #: NCR000001982

Dear Sir/Madam:

Based on information received by this office for the site identified with the above EPA ID number, the State has accepted and processed the change in RCRA classification or information for the above listed site.

Your EPA ID (listed above) number has been inactivated.

Please verify the above information for your records, and notify us only of any corrections.

We are advising EPA of the changes. Please notify us if there are any further changes in your operation which would affect your Company's name, Ownership, Address, Contact Person, or Telephone number. You must activate the EPA ID number if you generate Hazardous Waste in the future. If you sell the site, the EPA ID number should be transferred to the new owner. **(All EPA ID numbers are site specific)**

Sincerely,

**R. J. Edwards III

Re: Hazardous Waste Permit

Dear Mr. Wilson:

This letter is to advise you about a review of our campus and request for consolidating our, Raleigh Branch, Hazardous Waste Permits.

On September 2, your representative, Joe Parker and I met and made a review, of our Raleigh Branch campus, to establish that it is a contiguous piece of property. We were able to verify that the property is contiguous and based on that verification I would like to request consolidation of the, current, multiple permits, ~~one for the Blue Ridge Road address and the other for the Beryl Road address, be combined.~~ Joe advised that we should request dropping the Blue Ridge Road permit (NCR000001982) and maintain the Beryl Road permit (NCD981472962).

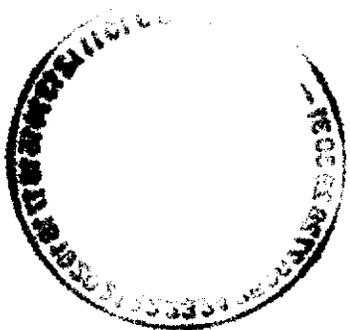

I appreciate the responsiveness of your Department and assistance from Joe Parker and this request for permit consolidation. I send my best regards.

Sincerely,
