REPORT:

Mike Williford, Ted Cashion, and EPA representative, performe a site visit and discovered that the site has been completly cleaned up by the owner of the property. EPA provided oversight of the clean up. No further action is required by this agency.

History:

8 Jun 2004 performed a site visit to determine the present status of the site. The inspection revealed that there has not been any activity at the site respective to increasing or decreasing the inventory of tanks stored at the property. In addition there was no evidence that efforts are being made to secure the property with a fence.
