Re: Notice of Violation- Pine View Drive

Dear Mr. Hubbard:

I have reviewed the Initial Site Sampling Plan submitted by your Consultant, Best Geological and Environmental Consulting. The plan is approved with one modification:

- 1) The re must be a minimum of four soil samples collected in the area of concern. These samples may be composed of composite aliquots collected within the same gridded area.

This plan may be implemented as soon as is practical. Please remember that all remediation activities, if required must be completed no later that 180 days from the issuance of this letter (November 29, 2008)

If you have any questions concerning this matter, please contact me at the number listed below.

Sincerely,

Roberta Proctor, Environmental Chemist
Hazardous Waste Section
