RE: SUBSEQUENT NOTIFICATION
EPA ID # NCR000000802
CENTRAL PIEDMONT COMMUNITY COLLEGE

DEAR MIKE BOZART:

The North Carolina Hazardous Waste Section has received a Subsequent Notification from your facility. Our office has accepted and processed the changes as noted. Attached is a RCRA Site Detail Report for your review to ensure that the information is accurate.

Please notify our office if additional changes need to be made. If you have any questions or need additional assistance, please call Larry Wilson at (919) 508-8569.

Sincerely,

Elizabeth W. Cannon, Chief
Hazardous Waste Section

Re: EPA Form 8700-12; Reclassification of Generator Status;
Central Piedmont Community College, Central Campus, Charlotte, NC

Dear Mr. Edwards:

About two years ago a cover letter and an EPA Form 8700-12 was sent to you by Zapata Engineering, requesting that our (Central Piedmont Community College, Central Campus, Charlotte, NC) hazardous waste generator status be changed from CESQG (Conditionally Exempt Small Quantity Generator) to LQG (Large Quantity Generator). This was due to the removal and disposal of hazardous waste – IDW – generated from geotechnical work at our Belk Building expansion site (now known as the Allied Health project).

Update: The geotechnical work has now been completed, and we do not anticipate any further activity requiring removal of contaminated soil. On behalf of Central Piedmont Community College, I am requesting that our generator status be returned to CESQG. Over the past year, we have generated less than 220 pounds of hazardous waste per month, and less than 2.2 pounds of acutely hazardous waste per month.

Sincerely,

Mike Bozart
Environmental Safety Specialist

cc: Robert Patterson, Director of Environmental Health and Safety
