**RE: EPA ID #: NCR 000 145 276**  
**WILMINGTON PATHOLOGY LABORATORIES**

Dear Mr. Smith:

Thank you for notifying the North Carolina Hazardous Waste Section of your activities as a Small Quantity Generator of hazardous waste. The EPA ID Number that we have assigned to your site is shown above. If any information about your site changes, such as the facility name, facility contact, a location change or if your facility plans to close, please notify us at the address shown below:

Larry Wilson  
The Hazardous Waste Section  
401 Oberlin Road, Suite 150  
Raleigh, NC 27605

We encourage you to become familiar with the North Carolina Hazardous Waste Management Rules that have been codified in the North Carolina Administrative Code at 15A NCAC 13A. You may obtain a printed copy of the rules for \$32.00 by contacting Lillie Hinnant at 919-508-8543. You may also access and print the rules from our Internet site at <http://www.wastenot.nc.org/HWHOME/WEBRules/NCDWRULE.html>. We specifically draw your attention to Rules .0101, .0102, .0106 and .0107. These provisions address the requirements potentially applicable to generators to hazardous waste. (We have also enclosed a copy of an EPA publication that explains these requirements).

If you are considered a Large Quantity Generator, a Small Quantity Generator, a Transporter, or a Treater, Storer or Disposer (TSD) facility, you are required to pay an annual fee in North Carolina. The invoice is attached with this letter. Conditionally Exempt Small Quantity Generators are not required to pay the annual fees that large and small generators, transporters, and TSD facilities are required to pay in North Carolina. These fees are used to support the State's programs to ensure the safe management of hazardous waste. If your regulatory status changes, an EPA Form 8700-12 must be completed and submitted to the North Carolina Hazardous Waste Section at the above address.

If you have any questions, please contact Larry Wilson at 919-508-8573

Sincerely,

Elizabeth W. Cannon, Chief  
Hazardous Waste Section
