Re: Determination of Completeness  
Hazardous Waste Management Permit Application  
Safety-Kleen Systems, Inc.  
EPA ID # NCD 980 846 935

Dear Mr. Blake:

Your Part B Application and all associated addenda are considered to constitute a complete application package in accordance with 40 CFR 124.3 as adopted in 15A NCAC 13A .0105. This office reserves the right to request more information when necessary to clarify, modify, or supplement previously submitted material. Requests for such additional information will not render the application incomplete.

While the application is considered complete, the following information is needed to clarify, modify, or supplement the renewal application:

1. Please provide the name of someone on site as a contact for us with their telephone number and e-mail. This item may be submitted separately from the Application.
2. According to Figure G-3, there are no emergency showers or PPE equipment at the Facility. Show the location of these items on Figure G-3.
3. The training outline in Section "H3, H4 and H5 - Training Content, Frequency and Technique" should also include Spills, Releases and Implementation of the Contingency Plan under "Operating Log / Record Keeping"
4. State in Section I-1(e)(1) that if there are any through-going cracks found in the metal trays beneath the dumpsters during closure, soil samples will be done around the concrete pad.
