LUR 6: On the land denominated "Second Amendment Property" on the plat component of the Notice, no slab-on-grade building may be constructed without a vapor barrier system and/or mechanical or passive vapor barrier mitigation system, at the Department of Environment and Natural Resources ("DENR") discretion installed in accordance with a plan approved in writing in advance by DENR. Unperforated sheeting

at least six (6) mils thick, a spray membrane liner system consisting of a material resistant to the contaminants listed in paragraph 2.b. of the Brownfields Agreement ("Agreement"), or another vapor barrier system may be proposed. No vapor barrier shall be approved that is not to be installed under the entire slab-on-grade foundation of the building, and sealed around any necessary penetrations, such as plumbing, utility chases, vertical pilings and other support structures underneath the slab, and overlapped, and taped, glued or otherwise stabilized, so as to minimize air migration pathways. Within thirty (30) days after installation of the vapor barrier system and/or vapor mitigation system, a professional engineer registered in North Carolina shall provide DENR certification under seal of proper installation, as well as photographs illustrating the installation and a brief narrative describing it. Non-slab-on-grade construction may not occur at the subject "Second Amendment Property" without DENR's prior written approval, which shall be conditioned, at a minimum, on the incorporation of measures to ensure that the subject "Second Amendment Property" is suitable for the uses specified in the documents comprising the Agreement.
