

**Brownfields Project #: 09062-05-01**

**Brownfields Property: Glencoe Mill, 2362 River Road**

**Property Owner (In whole or part): The Historic Preservation Foundation of NC, Inc.**

**LAND USE RESTRICTIONS (“LUR”) UPDATE**

LUR 1: No use may be made of the Brownfields Property other than for commercial (excluding the uses prohibited below in land use restrictions 6, 9 and 10), office, light industrial, storage/warehouse, institutional and/or residential uses. For purposes of this restriction, the following definitions apply:

- a. “Office” refers to the rendering of business or professional services.
- b. “Light industrial” refers to small-scale manufacturing of items not amenable to assembly-line production, including without limitation works of art (e.g., metal sculpture) and sets and props for commercials and plays, by artisans or groups of artisans.
- c. “Storage/warehouse” refers to the storage of textile equipment for resale and/or other material.
- d. “Institutional” refers to the use of land, buildings or structures for public, non-profit or quasi-public use (such as for a church, library, private school, hospital, environmental education center or government-owned or -operated building) for a public purpose.
- e. “Residential” refers to use of a single family, detached, duplex, triplex, quadriplex, attached, or multifamily structure, or of a manufactured, mobile or group home, or boarding house or dormitory, as a permanent dwelling.

LUR 4: No activities that encounter, expose, remove or use groundwater (for example, installation of water supply wells, fountains, ponds, lakes or swimming pools, or construction or excavation activities that encounter or expose groundwater) may occur on the Brownfields Property without prior sampling and analysis of groundwater to the written satisfaction of DENR in any areas proposed for such activities, and submittal of the analytical results to DENR. If such results disclose to DENR contamination in excess of North Carolina's groundwater quality standards, the proposed activities may not occur without the prior written approval of DENR on such conditions as DENR imposes, including at a minimum compliance with plans and procedures, approved pursuant to applicable law, to protect public health and the environment during the proposed activities.

LUR 5: Soil at the Brownfields Property at a depth greater than two (2) feet, and all soil underlying paved and other impervious surfaces and buildings at the Brownfields Property, may not be exposed unless DENR has approved in writing a plan to protect public health and the environment during the activities that would expose such soil. Compliance with the plan shall be subject to DENR concurrence. In the event of such proposed or actual soil exposure, DENR may also require submittal of a plan, which shall include a schedule, for assessment, for screening or sampling for contaminants of the exposed soil, and for reporting on said assessment and screening or sampling. Compliance with the plan shall be subject to DENR concurrence. If DENR requires the plan referenced in the third sentence of this subparagraph, and determines in writing pending submittal of the required report that contamination may be present which, if unaddressed, would render the affected portion of the Brownfields Property (as delineated by DENR) unsuitable for the uses specified above in land use restriction 1, redevelopment of said portion may not continue or occur without written DENR approval. If the report causes DENR to determine that measures are necessary to render the affected portion of the Brownfields Property suitable for the uses specified above in land use restriction 1, DENR shall provide the owner of the affected portion a reasonable period for submitting to DENR a plan that meets with DENR's written approval for implementing measures sufficient to render said portion suitable for said uses. If DENR requires such a plan, DENR may prohibit redevelopment of the affected portion from continuing or occurring pending written DENR approval of the measures and a report thereon; in any event, redevelopment of said portion may not continue or occur pending written DENR approval of the plan.

LUR 13: During January of each year after the year in which the Notice of Brownfields Property is recorded, the then current owner of any part of the Brownfields Property shall submit a notarized Land Use Restrictions Update ("LURU") to DENR certifying that the Notice remains recorded at the Alamance County Register of Deeds office and that the land use restrictions are being complied with, and stating:

- a. the name, mailing address, telephone and facsimile numbers, and contact person's e-mail address of the owner submitting the LURU if said owner acquired any part of the Brownfields Property during the previous calendar year; and
- b. the transferee's name, mailing address, telephone and facsimile numbers, and contact person's e-mail address, if said owner

transferred any part of the Brownfields Property during the previous calendar year.
