Hi, Jeff. I hope all is well with you.

I sent you an email a few weeks ago asking for an update on the redevelopment plans for the property and if they had changed over the past nearly 2 years but I have not yet heard back from you. Specifically, I was wondering if you were wanting the option of using the property for residential use, but I would like a general update of your redevelopment plans with as much detail as you can provide. If you are not the person I should be contacting with such questions please let me know.

I certainly hope you are still planning to move forward with this brownfields project. It is such a neat property and we have all put a lot of work into it thus far, so we were very pleased to hear that you were going to finish the project. Since we had gotten through the BF process all the way to approving the project to go to public comment, we will need the final fee of \$3500 before I review and revise the draft BFA and other documents. I believe you received a final fee letter from our administrative assistant, Shirley Liggins, but if you did not please let me know. Just FYI, we are in the process of raising our fees so you got in under the old fee structure.

I look forward to hearing from you soon.

Lisa Taber, PG  
Project Manager, North Carolina Brownfields Program
