Re: Brownfields Receptor Survey
West Morgan Apartments
Raleigh, North Carolina
H&H Job No. FAI-015

Dear Ms. Eckard:

On behalf of West Morgan, L.L.C., Hart & Hickman, PC (H&H) is submitting a completed Brownfields Area Reconnaissance and Receptor Survey Guidance Form for the West Morgan Apartments site located at 927 West Morgan Street and 910 Tyron Hill Drive in Raleigh, Wake County, North Carolina. H&H performed a dashboard receptor survey of the area within 0.5-miles of the site. In addition, H&H conducted environmental database and geographic information systems (GIS) searches. No on-site or off-site drinking water wells were identified. Public water, supplied by the City of Raleigh, is available to the surrounding properties. The receptor survey form and a map showing the location of the potential receptors are attached.

If you have any questions or require additional information, please do not hesitate to contact me.

Very truly yours,

Hart & Hickman, PC
