We are now evaluating Mr. Goodwin, and the subject property for eligibility for entry into the Brownfields Program. Under the Brownfields Property Reuse Act, only entities that did not cause or contribute to the contamination at the property are eligible to enter the program. The applicant PD listed below have asserted that: 1.) they have not caused or contributed to the contamination at the property, and 2.) they have substantially complied with laws, regulations, and rules for the protection of the environment. If you have any information to suggest otherwise, please provide that information to me by **February 25, 2014**.

Information regarding the applicant PD is as follows:

Name Mr. Hobbs Goodwin, Jr.
company
address 101 Industrial Drive
city, state zip Burgaw, NC 28425
phone and or email 910-259-1682, hobbs.goodwin@richbox.com

Contact name Jerry Deakle
company Jerry Deakle & Associates, Inc.
address 3434 Edwards Mill Rd. #112-264

city, state zip Raleigh, NC 27612
phone and or email 919-782-1703, jerry@deakle.us

A Brownfields Agreement (BFA) has no legal effect on your agency's authority to regulate or enforce against any and all parties who caused or contributed to the contamination at the property. In fact, the BFA will require the developer to provide access to the property to any party doing work under any DENR program.

A BFA provides liability protection only to a non-causative redeveloper of the property. The developer will be required to make the property safe for its intended re-use. Cleanup to unrestricted use standards will not be required unless deemed necessary based on the developer's proposed use of the property. Furthermore, the BFA will not change the developer's responsibility to obtain any and all DENR permits (e.g. storm water, sediment control, NPDES, etc.) as required under applicable law.

If you have any questions, please don't hesitate to contact me.

Thank you,

Samuel P. Watson, P.G.
