REPORT:

15 Nov 2002 participated in hearing at the Pitt County Court House re: the injunction for Shackleford Tank Farm in Farmville.

City: Farmville, NC

Larry Perry & Dick Denton performed a site visit at the subject property to determine if the site was continuing to remain an inactive site. The site inspection revealed that the site has continued to remain inactive. Site photographs revealed that several areas of the property remain "sterile" in that vegetation will not grow in the contaminated areas.

Attached are photographs documenting site conditions at the time of the site visit.
