Re: Notification of Facility Closure (EPA ID# NCR000001545)

Mr. Edwards:

National Welders Supply purchased Air Products & Chemicals' production plant located at 115 Southern Oxygen Road, in Greensboro, North Carolina in March of 2002. We closed the facility on June 30th of 2002. The material that required the plant to be listed as a small quantity generator of hazardous waste has been removed. Please deactivate hazardous waste ID# NCR000001545.
