Alex-

The Revised December 2015 Water Quality Monitoring Plan was submitted by Joyce Engineering on behalf of Coastal Regional Solid Waste Management Authority as part of the permit amendment application for continued operations at Phases 1, 2, and 3 of the Long-term Regional Landfill.

I have no comments on the Revised December 2015 Water Quality Monitoring Plan and the Plan is approved for continued groundwater and surface water monitoring at the Tuscarora Landfill including both the Closed Interim Regional Landfill and the Tuscarora Long-Term Regional Landfill.

Please contact me if you have any questions.

Thank you,
