**RE: EPA ID # NCP051916012 - US CHEMICAL STORAGE**

Dear Facility Contact:

Thank you for notifying the North Carolina Hazardous Waste Section of your activities as a Large Quantity Generator of hazardous waste. The EPA ID Number assigned to your site is shown above. Please notify us if any information about your site changes: such as the facility name, site address, regulatory status, facility contact/address/phone number, or if your facility plans to close, by completing an EPA Form 8700-12.

NC Hazardous Waste Section  
1646 Mail Service Center  
Raleigh, NC 27699-1646

If you are considered a Large Quantity Generator (LQG), Small Quantity Generator (SQG), Transporter, or a Treater, Storer or Disposer (TSD) facility, you are required to pay an annual fee to the State of North Carolina. Accordingly, an invoice is attached to this letter. These fees are used to support NC State programs and ensure the safe management of hazardous waste. We encourage you to become familiar with the NC Hazardous Waste Management Rules that have been codified in the NC Administrative Code at 15A NCAC 13A. You may obtain a printed copy of the rules for \$32.00 by contacting Patricia Davalos at 919-707-8233. For more information on the rules, visit <http://portal.ncdenr.org/web/wm/hw/rules>. We specifically draw your attention to Rules .0101, .0102, .0106 and .0107. These provisions address requirements potentially applicable to generators of hazardous waste. For an explanation of EPA requirements, go to <http://www.epa.gov/wastes/hazard/downloads/tool.pdf>.

If you have any questions, please contact Melodi Deaver at (919)-707-8204.

Sincerely,
