RE: Access for the U.S. Army Corps of Engineers
Poplar Lane | PIN: 8596-76-8315-000
Davidson River Dump | ID# NONCD0000591
Pisgah Forest, Transylvania County

Dear Mr. and Mrs. Griffin:

As you are aware, the Pre-Regulatory Landfill Unit (Unit) within the Inactive Hazardous Sites Branch has been conducting a remedial investigation at the pre-1983 landfill on your property. It is necessary to verify wetlands on your property as part of the investigation activities. In order for the Unit to complete an environmental wetland study and continue with remedial assessment activities, we need to obtain access authorization on behalf of the U.S. Army Corps of Engineers. The U.S. Army Corps of Engineers requires the property owner's consent to access the property through an access form signed by the property owner or authorized agent for that property to conduct a federal jurisdictional determination for the wetlands, and share the findings with the Unit.

I have enclosed the Access form for your signature along with a pre-addressed and stamped envelope for your convenience. For reference my contact information is:

Thomas Slusser
DWM Superfund Section
1646 Mail Service Center
Raleigh, North Carolina 27699-1646

Please return the signed enclosed form by March 18, 2016. The completed form will be provided to the U.S. Army Corps of Engineers and we will then coordinate the on-site activities with you. Please call me at (919) 707-8331 or email me at thomas.slusser@ncdenr.gov with any questions or concerns. Your continued cooperation is very much appreciated.

Best regards,

A handwritten signature in cursive script that reads 'Thomas Slusser'.
