Mr. Chris Stahl
Solid Waste Director
109 Sierra Drive
Franklin, NC 28734

Subject: Revised Plans Approval
Macon County MSW Landfill Facility
Macon County, Permit No. 5703-MSWLF-1992, Document ID No. 26315

Mr. Stahl,

The Division of Waste Management, Solid Waste Section (Section) has received the revised *Site Specific Construction Quality Assurance Plan* (DIN 26313) and *Technical Specifications* (DIN 26314) regarding the Permit to Construct application for Phase 3, Cell 1 at the above referenced facility. The documents were submitted on your behalf by McGill Associates and were received in the Asheville Regional Office on January 22, 2016.

The submittals have been reviewed for compliance with the applicable North Carolina Administrative Code (NCAC) requirements. Based on this review, it appears the *Site Specific Construction Quality Assurance Plan* and the *Technical Specifications* meet the requirements of 15A NCAC 13B.1621 and 13B.1624. As a result, both documents are approved and are now part of the List of Documents for the Approved Plan. As part of the Approved Plan, the documents must be maintained on site and implemented accordingly. The documents will be added to the Permit at the next issuance.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at allen.gaither@ncdenr.gov .

Sincerely,

Allen Gaither
Environmental Engineer
