Complaint Info:

DWM received a call from Tim Womick (336-653-1051) who has concerns about a firing range at/or near 706 Zeb Buchanan Road, Cashiers. The range was leased to Mountaintop Golf and Lake Club. The Club used the range beginning in 2015 and supposedly isn't using it in 2016. It was explained to Mr. Womick that we do not regulate active ranges, but would be willing to contact the property owners and look at the site to determine if they are following BMPs for shooting ranges.

Date Received: Original complaint received 02/05/2016

On-Site Visit: 03/15/16

Findings:

According to staff, the site is in use approximately two days a week between 1-5pm during the summer season. They can accommodate 20 people at a time and each person gets 25 shells. If they have larger groups they send them to the nearby Smoke Rise gun club. They are currently using steel shot for their clients. Facility staff were advised to become familiar with the firing range BMPs and to continue using steel shot only. It was also recommended to draft a policy or use agreement that shows only steel shot will be used.

No further action is required by Mountaintop firing range at this time.
