(S+G) is submitting this letter concerning the Permit to Construct (PTC) Phase 2B of the Brownfield Road Construction and Demolition landfill covered under NC Solid Waste Permit No. 92-31 located in Raleigh, North Carolina. This PTC application was originally prepared to include renewal of the Permit to Operate of the Brownfield Road LF facility for a 10-year term. Subsequent to the initial submittal, Waste Industries has decided to make this a **5- year renewal term** due to life of site permit rules projected release by the Division in 2016.
