**Ref: Completion and Invoice Request - Task Orders 591RA-A and 591RA-A1  
Request for Proposal – Task Order 591RA-A2  
Davidson River Dump | ID# NONCD0000591  
Pisgah Forest, Transylvania County**

Dear Mr. Volker:

The Pre-Regulatory Landfill Unit has reviewed field notes, laboratory test results, and other information from the geotechnical investigation and regards the subject tasks as mostly complete. Please submit to me an invoice for work completed thus far on Task Order 591RA-A and all work for Task Order 591RA-A1. The invoiced amounts should not exceed the approved amount of \$3354.45 for Task Order 591RA-A1 (additional drilling) and the approved amount of \$31,217.29 as described for Task Order 591RA-A minus the cost of any work not yet completed, such as the report on the geotechnical investigation and jurisdictional determination. The invoice should be itemized and in the same format as the approved proposals.

Additionally, please submit a new cost proposal for the report on the geotechnical investigation and jurisdictional determination plus any other work originally part of Task Order 591RA-A that was not completed and is not invoiced to that task number. Use line items and costs from Task Order 591RA-A in the proposal for Task Order 591RA-A2 since those items were previously approved.

Please contact me at 919-707-8331 or [thomas.slusser@ncdenr.gov](mailto:thomas.slusser@ncdenr.gov) if you have any questions.

Best Regards,

Thomas Slusser, L.G.  
Pre-Regulatory Landfill Unit  
Division of Waste Management
