Extension of Accumulation Time

Dear Ms. Meyer:

This office is in receipt of your correspondence dated March 10, 2016, requesting an extension of the 90-day time limit for the storage of hazardous waste by a generator without a permit in accordance with 40 CFR 262.34(b). According to your request, Giant Resource and Recovery was not able to schedule a pick-up of your waste within the 90-day time limit due to treatment facility production issues.

Based upon your request, a 30-day extension is hereby granted for the storage of the waste. This is the maximum amount allowed under 40 CFR 262.34(b).

By June 13, 2016, you shall notify this office of the shipment of the waste by sending the Hazardous Waste Section a copy of the manifest signed by yourself or your representative and the transporter. You should mail the manifest to Mr. Bill Hunneke, NCDEQ, Division of Waste Management, P.O. Box 182, Simpson, N.C. 27879.

If you have any questions concerning this matter do not hesitate to contact me at (252) 364-8977.

Sincerely,

William F. Hunneke
Eastern Compliance Supervisor
Hazardous Waste Section
