Subject: Approval – Revised Operations Plan  
Macon County MSW Landfill Facility  
Macon County, Permit No. 5703-MSWLF-1992, Document ID No. 26706

Mr. Stahl,

The Division of Waste Management, Solid Waste Section (Section) has received the revised *Operations Plan* (DIN 26705) and accompanying cover letter for the above referenced facility. The documents were received in the Asheville Regional Office on August 31, 2016.

Per the cover letter, the *Operations Plan* had been modified to incorporate management of a tear-off shingle recycling program at the Treatment and Processing Facility. Based on our review, it appears the *Operations Plan* meets the requirements of 15A NCAC 13B.1625 and 13B.1626. As a result, the document is approved and is now part of the List of Documents for the Approved Plan. As part of the Approved Plan, the *Operations Plan* must be maintained on site and implemented accordingly. The revised *Operations Plan* will be added to the Permit at the next issuance.

If you should have any questions regarding this matter please contact me at (828) 296-4703, or by email at [allen.gaither@ncdenr.gov](mailto:allen.gaither@ncdenr.gov).

Sincerely,

Allen Gaither  
Environmental Engineer
