**Subject:** Ashland Raleigh Sampling and Analysis Plan

My supervisor reminded me that the most currently approved *Sampling and Analysis Plan* indicates a reduction in sampling frequency over the coming years. The reduction in sampling frequency, as described in the *Final Corrective Measures Study*, was never approved. The *Sampling and Analysis Plan* will have to be corrected. The revised document is due no later than October 7, 2016. Thank you for your attention to this matter.
